RE: Letter of Recommendation for Kathleen Sheridan

To Whom It May Concern:

Disability Rights Iowa hired Kathleen Sheridan in the fall of 2012 as a Web Based Media Intern to assist in the completion and launch of our new webpage. Kathleen was extremely dependable, and efficient in her work. Kathleen worked with minimal supervision taking the lead in writing content for the webpage and collaborating with the web design firm the agency had chosen to contract with. Kathleen became the expert on all aspect of the webpage from content and administration, to the technical aspects such as domain ownership and transfers. Kathleen wrote a guide to the administration of the new webpage and worked with our staff to ensure the transition was smooth from her administration of the webpage to our staff taking control. During her time at Disability Rights Iowa Kathleen showed initiative and willingness to take on any new challenge we asked of her. Disability Rights Iowa is extremely excited about our new webpage, and pleased with Kathleen's work.

Disability Rights Iowa is happy to offer a positive recommendation on Kathleen's behalf to any future potential employer, and believes her friendly and positive attitude and solid work ethic will make her an asset to any team as she was to ours.

Jane Hudson, J.D.  
Executive Director
